- We now have an **Instagram!** [Follow us!](#)
- **Participate** in the [survey!](#)

### Management Team

#### Dr Kevin Ho

Kevin joined the CAPRI management team to help with promotion and marketing.

He completed his PhD in 2020 and has been teaching Physiotherapy and Clinical Education for five years. He is also a member of the APA NSW MPA committee.

He continues to practice in the musculoskeletal physiotherapy field (eight years) with a focus on helping people in the video gaming industry.

### Management Team

#### Dr Anita Amorim

Anita joined the CAPRI management team to help with promotion and marketing.

Anita is an Early Career Researcher and Lecturer at the Physiotherapy Discipline at The University of Sydney. She completed her PhD at The Sydney School of Health Sciences in 2018 and her postdoctoral training at the Institute for Musculoskeletal Health in 2020. Her research interests include risk factors and management of musculoskeletal injuries, mainly low back pain, using a holistic approach.
